

Something

Meghan Linsey

Something in the way she moves
Attracts me like no other lover
Something in the way she woos meI don't want to leave her now
You know I believe and howSomewhere in her smile she knows
That I don't need no other lover
Something in her style that shows meDon't want to leave her now
You know I believe and howYou're asking me will my love grow
I don't know, I don't know
You stick around now it may show
I don't know, I don't knowSomething in the way she knows
And all I have to do is think of her
Something in the things she shows meDon't want to leave her now
You know I believe and how
