The River

For The Foxes

Lay down so I don't feel so sick
Get lost and dream Los Angeles
Wake up when I found the riverLay low and walk down lazy streets
With a peace sign cut from a magazine
Wake up when I found the river
And I'm listeningWherever you are when I'm on the road
Were driving back past country homes
Im calling home for you, for youThis is the last time
So darling close your eyes
We don't say goodbye
So we'll just say goodnight
This is the last time
So jump into that fire
We don't say goodbye
We just say goodnightClosed eyes I cancel out the green
Thoughts bounce around like trampolines
Wake up were next to the riverSunsets they race down boulevards
Street lights lit up like dim cigars
Wake up we're back in SeptemberWherever you are when I'm on the road
We're driving back down country roads
I'm calling home for you, for youThis is the last time
So darling close your eyes
We don't say goodbye
So we'll just say goodnight
This is the last time
So jump into that fire
We don't say goodbye
We just say goodnightNo, No
No, NoWherever you are when I'm on the road
We don't have to feel alone
I'm calling home for you, for youLay down so I don't feel so sick
Wake up to see you once againAnd this is the last time
So darling close your eyes
We don't say goodbye
So we'll just say goodnight
This is the last time
So jump into that fire
So jump into that fireWe don't say goodbye, we just say goodnight
