Steeple

Down

Savior?
Poison?
Symbol (of)...
Mankind's weakened sum...
Arms and a trunk...
Burned into the sun...
Skepticism...
Tilt it...
Summit...
Blackened...
Perched (in)...
Black windows for miles...
The stare of the sky...
Blinding devised...
Crumble the site...
Force it down...
Blame kept it uninvolved forever...
The answer to droll prayers...
Grid-tilted upside-down for pleasure...
Inversion of the fixture...
Diversion sans elixir...
The steeple will fall...
Pleased fleece...
Gleam ceased...
Drone spell...
Bellowed then snatched form...
Portents of storm...
Eclipse the sun...
Insects amok...
Hate it... (but)...
Embrace...
Fate's wake...
Downswinging...
Rat relegation...
Thriving the shun...
There's more than one...
Faith under the sun...
Frame one (now)...
Truth kept us uninvolved forever...

The answer to droll prayers...
Faith-tilted upside-down for pleasure...
Inversion of the failures...
Excursion cell of jailers...
And their steeples will fall...
Heirs of the late...
(Have been) searching high and low...
For you and I...
The steeple will fall...
The people will crawl...
Steeple will fall...
