Cradlesong

Rob Thomas

Everybody's got a different story
Everybody wanna give their selves away
But I'm still afraid
We can stay out of their field of vision
If we can keep ourselves a half a world away
Ah honey, we'll be okayThe world can be so cruel
But I will sing for you
This cradle song all night longEverybody's got their own opinion
Everybody's got a place where they belong
Like a favorite song
And I don't wanna be a faded memory
I don't wanna be the ghost that you can't shake
I wanna be the real thingThe world can be so cruel
But I will sing for you
This cradle song all night long
Yeah, all night long
Yeah, all night longNo one said we were victims, honey
No one said we had to keep the things we get
There ain't no regrets
And all our friends, they moved to Hollywood
But we ain't that desperate yet
Oh no, ain't nothing like the real thingThe world can be so cruel
Let me sing to you
This cradle song all night longThe world can be so cruel
But I will sing for you
This cradle song all night long
This cradle song
This cradle songYeah, all night long
Sing it all night long
Yeah, all night long
Sing it all night long
Yeah yeah, all night long
