Big Night

Cheeseburger

When I walked into the movie
I was walking alone
I looked at the picture
You know I'd seen the whole thing beforeCan you believe it?
Man bites dog in the end
Take it or leave it
It's just another big night down the drain
Oh no
Another big night down the drain
Oh noSummer is over
Me? I spent the whole thing inside
I'm thinking it over
What did you call it 'cause I couldn't decideI called my momma
She said, "Jimmy why you always complain?"
Life is a bummer
It's just another big night down the drainOh no
Another big night down the drain
Oh noUp on the bridge
Outta my head
I can see my house from hereAm I a man
Or am I a mouse?
Ch-ch-check it outIt's just another big night baby
Now you know I don't mean maybe
It's just another wasted moment
It's just another sad sack song and
It really hurts, don't it?
And it really hurts, don't it?It's just another big night baby
Big night down the drain
Oh no
Another big night down the drain
Oh no
Another big night down the drain
Oh no
Another big night down the drain
