

# Big Night

## Cheeseburger

When I walked into the movie  
I was walking alone  
I looked at the picture  
You know I'd seen the whole thing before Can you believe it?  
Man bites dog in the end  
Take it or leave it  
It's just another big night down the drain  
Oh no  
Another big night down the drain  
Oh no Summer is over  
Me? I spent the whole thing inside  
I'm thinking it over  
What did you call it 'cause I couldn't decide I called my momma  
She said, "Jimmy why you always complain?"  
Life is a bummer  
It's just another big night down the drain Oh no  
Another big night down the drain  
Oh no Up on the bridge  
Outta my head  
I can see my house from here Am I a man  
Or am I a mouse?  
Ch-ch-check it out It's just another big night baby  
Now you know I don't mean maybe  
It's just another wasted moment  
It's just another sad sack song and  
It really hurts, don't it?  
And it really hurts, don't it? It's just another big night baby  
Big night down the drain  
Oh no  
Another big night down the drain  
Oh no  
Another big night down the drain  
Oh no  
Another big night down the drain
