I Don't Want To Fall In Love

Sam Phillips

We're not lovers, you and I, I can't think of reasons why
I should want you like that, I'm stranded by my passion
Whole idea fits us like a suit gone out of fashionAs I said goodbye and drove away, words I'd like to hear you say
Rolled across my mind like clouds in unexpected flurry
I stumbled on a minefield where desire was still buriedI don't want to fall in love, I don't want to fall in love
I don't want to fall in love with the idea of
I don't want to fall in love, I don't want to fall in love
I don't want to fall in love with loveSentimental circumstance disguised as fate with wild romance
Fools me into thinking you're the water for my thirst
And knowing what you're feeling for me only makes it worseI don't want to fall in love, I don't want to fall in love
I don't want to fall in love with the idea of
I don't want to fall in love, I don't want to fall in love
I don't want to fall in love with loveI don't want to fall in love, I don't want to fall in love
I don't want to fall in love with the idea of
I don't want to fall in love, I don't want to fall in love
I don't want to fall in love with love
