

Doobie Wah

Peter Frampton

Wooh, do what everybody says is wrong
You can't believe nobody, takes too long
Changin' your mind, ooh, let me up
I can't believe that kind would drink my cup
Yeah, yeah, yeah, yeah Take away what you can make today, look, turn around
Put your hand in the lottery, hey what you found?
Take the place, you got another taste, make it through
Carry on, won't do you wrong, it's somethin' new Icicles of blue serene inside your eyes
I came in the same way too, ooh, with you Head in the sky, let me breath
Don't want to make you cry but I gotta leave
Take all you can, don't let it show
Walk away, you gotta pay for all you know, ooh Hang on to me
Put your hand in the lottery
You don't really need to be
Anythin' you don't want to be Settin' suns and thinkin' aloud, speakin' of you
I came in the same way too Head in the sky, let me breath
Don't want to make you cry but I gotta leave
Take all you can, I understand, don't let it show
Walk away but you gotta pay for all you know
Yeah, yeah, yeah, yeah Do what everybody says is wrong
I don't believe anybody, takes too long
Changin' your mind, let me up
I can't believe that kind would drink my cup
