Where Did It All Go Wrong?

U2

Did you get it?
Did you need it?
Did you really? What you wanted?
Was it good in the sun?
Did you really have your fun?Did you crack it?
Did you grab it?
Did you run it like a rabbit?Did you rock?
Did you roll?
Did you move this here?, Uh, huhHow could you do?
And yet you sang this in the song
Where did it all go wrong?
Where did it all go wrong?Did you want it?
Did you need it?
Was it really? What you wanted?Did you run in the sun?
Did you really take it wrong?
Did you catch it?
Did you grab it?Did you run it like a rabbit?
Did you run?
Did you roam?
Can you feel you rising up?Now, how could you do it?
When you sang it in the song
And its all coming trough
Where did it all go wrong?
How did it happen?Did you want it?
Did you stow it?
Did you stash it?
Did you want it?Did you keep, build it up?
Did you rock?
Did you soap?
Did you steal it?Did you feel it?
Did you really ever feel it?
Is it warm in the sun?When the money's never gone
When the world is at your feet
And theyd all gone insane
Lets all go wrong
Where did it all go wrong?Oh yeah, oh yeah
Baby, you take me, baby, in circles, yes
Darling, darling, darling, I want you home
What up, what up, what up, what upStorm on by, watch on by

You walk on by
You walk on by
You walk on by
You walk on byDid you lose the guy?
Did you lose the guy?
Did you lose the guy?
Did you lose the guy?
