

Nayib's Song (I Am Here for You)

Gloria Estefan

Lately my son I've been confused
Don't know what to tell you
'Cause it's all such bad news
Lately my son I've been discouraged
I look around and it fills me with worry
What kind of world can I offer to you
Where will it all lead,
Do we have the sense to make it through
I've tried to figure it out, to have an answer
I can tell to you
But all I can see, all I can see I am here for you, and you are here for me
It's an ongoing process (ongoing process)
I will take care of you and you will take care of me
If we're gonna make some progress Lately my son I feel ashamed
For many things that have happened
And are happening again
Really my son I thought we'd learn
From what I see around me it's a very tough world
But all I can hope is that you take it as a challenge
To create something new that will take you far
I know that you can manage
To scatter some hope, 'cause it's not too late
To repair the damage
The way it should be, so easy to see That I am here for you (here for you)
You are here for me (you're here for me)
It's an ongoing process (ongoing process), ongoing process
I will take care of you (take care of you)
You will take care of me (care of me)
If we're gonna make some progress You gotta believe
Never be afraid to dream
But following through
'Cause it won't get done unless it comes from you
You gotta make it all work
For the ones that are coming after you
Though odd it may seem, you gotta believe I am here for you (here for you)
You are here for me (you're here for me)
It's an ongoing process (ongoing process)
I will take care of you (take care of you)
You will take care of me (care of me)

If we're gonna make some progress I am here for you (here for you)

(Here for me)

It's an ongoing process (ongoing process)

I will take care of you (take care of you)

(Care of me)

If we're gonna make some progress I am here for you (here for you)

You are here for me (you're here for me)

Ongoing process

I will take care of you (take care of you)

You will take care of me (care of me)

If we're gonna make some progress
