Left Feeling Odd

Treble Charger

There he lies all alone
Awkwardly he's
Hiding, not all is known
Clever chance to seeIs it wrong to stare?
Is it fine to please him?
Is he not aware
It's in spite of me?With practice it comes my way
I don't know anything to say
Left feeling odd todayKind of like laying low
It offers me a
New one sense of no
Not surprisingly
