

Gentleman after Dark

Honor Society

Have you ever felt love before? In the moonlight and nothing more, in a hotel suite on Central Park?
Have you ever gone out before, told your girlfriends nothing more? That you were going to the mall? You text
me all your pictures girl, but tonight I wanna feel it.

I put it on until you shiver, you cannot conceal it anymore.

And that's my favorite part

Cause I'm a gentleman after dark, ooh

Gentleman after dark, ooh. Have you ever made love before, on the beach right by the shore? By the light of the
PCH?

I'm only here for a short time, so we gotta move fast if you don't mind. We got so much work to do. You text
me all your pictures girl, but tonight i wanna feel it.

I put it on until you shiver, you cannot conceal it anymore.

And that's my favorite part

Cause I'm a gentleman after dark, ooh

Gentleman after dark, ooh.
