

# Looking Back (feat K'Naan)

Keane

You're living in a place you left behind  
Going round in circles all the time  
Can see the way your head it's like you're blind  
So open your eyes and  
Time realign just what you got  
With what you nearly had and what you want  
You fall asleep and then the moment's gone  
So open your eyes and Yeah, its hard to undo time  
Hard to separate my past from my rhyme  
Cause how could you separate milk from lime  
Waste my time Looking back  
You always seem to be looking back (looking back)  
Feels like your mind's always somewhere else  
You're always looking over your shoulder Think about the places you could never be  
Beauty in the faces that you never see  
As you lie this sleepy  
How the moment flies  
So open your eyes and: Yeah, they say life makes sense backwards  
But you've got to live it forward Don't waste your time, no  
Don't waste your time just looking back  
You always seem to be looking back  
Feels like your mind's always somewhere else  
You're always looking over your shoulder (over your shoulder)  
Looking back  
You always seem to be looking back (looking back)  
Feels like your mind's always somewhere else (somewhere else)  
You're always looking over your shoulder Am I the only one trying to fight off an army  
Of memories dressed up all trying to harm me  
I feel cocky, running up the steps like Rocky  
Until the past comes flashing like paparazzi  
Nothing's new so why open my folder  
My favorite view is over my shoulder  
Everything backwards, is my plight  
Its landing first when in my flight  
Even my tears run up my cheeks  
Back in my eye  
Link I die Don't waste your time just looking back  
You always seem to be looking back (looking back)  
Feels like your mind's always somewhere else (somewhere else)

You're always looking over your shoulder (over your shoulder)  
You always seem to be looking back (looking back)  
Feels like your mind's always somewhere else (somewhere else)  
You're always looking over your shoulder (over your shoulder) You're always looking back  
Over, and over, and over  
You're always looking back
