

Freaks Come out at Night (Re-Recorded)

Whodini

[Chorus]

The freaks come out at night

The freaks come out at night

The freaks come out at night

(the freaks come out)

The freaks come out at night Discos don't open till after dark

And it ain't till twelve till the party really starts

And I always had to be home by ten

Right before the fun was about to begin

Crowds of people lined up inside and out

Just one reason, to rock the house

But in the day time the streets was clear

You couldn't find a good freak anywhere, 'cause [Chorus] Now when freaks get dressed to go out at night

They like to wear leather jackets, chains and spikes

They wear rips and zippers all in their shirts

Real tight pants and fresh mini skirts

All kinds of colors runnin' through their hair

And you could just about find a freak anywhere

But then again, you could know someone all their life

But might not know they're a freak unless you see them at night, 'cause [Chorus] Now the party's jumpin', the
place is packed

And when the crowd's like this, I'm ready to rap

But before I could bust a rhyme on the mic

Freaks are all over me like white on rice

Freaks come in all shapes, sizes and colors

But what I like about 'em most is that they're real good lovers

They do it in the park, they do it in the dark

But most freaks are known for breakin' hearts

You could never tell what a freak was thinkin' of

And you may never catch a freak without at least one glove

And they don't walk, when they step, they strut

And nine times out of ten they drive you nuts

But take my advice, you don't stand a chance

Freaks are so bad they got their own dance

So if you wanna live a nice quiet life

Do yourself a favor, don't come out at night, 'cause [Chorus] Hut one, hut two

Hut hut hut [Chorus]
