I Ain't Scared Of Lightning

Tom McRae

I ain't scared of lightning
Come on and do your worst
If they gave degrees
For cheating destinyThen man
I got a firstNo, I ain't scared of lightning
It's the same old empty threat
I've been standing proud
Beneath the gathering cloudAnd man
I ain't dead yetNo I ain't scared of lightning
And thunder never killed
I was born in a summer storm
I live there stillYeah, I was born in a summer storm
I live there still
