

# The Greatest Love (Treme Mix)

Aaron Neville

You have a love that buys you pretty clothes  
All the fine things heaven only knows that I wish I could  
You have a love that dances and sings  
Swings, says all the pretty little things that a playboy should  
Well, he's got money, he's got charms  
And when you're walkin' on and on  
It hurts me so, but I just want you to know  
That it's not easy, oh, heaven knows I tried  
And wish the best to you, push myself aside  
And that's the greatest love, oh, that you'll ever find  
Oh, oh, oh  
Oh, oh, oh  
You have a love, he's got the power  
To entertain each and every hour of the day and night  
You have a love, he's got the ways and means  
To show you all the wild scenes when the lights are bright  
Well, love should never be possessed  
And this my darlin', don't forget  
You're free to go, oh, but I just want you to know  
That it's not easy, oh, heaven knows I tried  
And I wish the best to you and I push myself aside  
That's the greatest love, oh, that you'll ever find  
Oh, oh, oh  
Oh, oh, oh  
Well, love should never be possessed  
And this my darlin', don't forget  
You're free to go, oh, but I just want you to know  
That it's not easy, oh, heaven knows I tried  
And I wish the best to you, push myself aside  
That's the greatest love, oh, that you'll ever find  
Oh, oh, oh  
Oh, oh, oh
