

Don't You Know I Love You

Fats Domino

Don't you know I love you
Don't you know I care
Don't you know I love you
Don't you know I care
Yeah the love I have for you
I take you anywhere
I like to take you for a walk
Or take you for a ride
I like to take you for a walk
Or take you for a ride
I like to do everything
That your 'lil heart desires
Don't you know don't you know
Don't you know don't you know
don't you know oooh baby don't you know
Yes I want you to believe me
'Cause I 'm the one who know
I like to take you for a walk
Or take you for a ride
I like to take you for a walk
Or take you for a ride
I like to do everything
That your little heart desires
