

# Power of Two

## MYMP

Now the parking lot is empty  
Everyones gone someplace  
I pick you up and in the trunk Ive packed  
A cooler and a 2-day suitcase  
Cause theres a place we like to drive  
Way out in the country  
Five miles out of the city limit were singing  
And your hands upon my kneeSo were okay  
Were fine  
Baby Im here to stop your crying  
Chase all the ghosts from your head  
Im stronger than the monster beneath your bed  
Smarter than the tricks played on your heart  
Well look at them together then well take them apart  
Adding up the total of a love thats true  
Multiply life by the power of twoYou know the things that I am afraid of  
Im not afraid to tell  
And if we ever leave a legacy  
Its that we loved each other well  
Cause Ive seen the shadows of so many people  
Trying on the treasures of youth  
But a road that fancy and fast  
Ends in a fatal crash  
And Im glad we got off  
To tell you the truthCause were okay  
Were fine  
Baby Im here to stop your crying  
Chase all the ghosts from your head  
Im stronger than the monster beneath your bed  
Smarter than the tricks played on your heart  
Well look at them together then well take them apart  
Adding up the total of a love thats true  
Multiply life by the power of twoAll the shiny little trinkets of temptation  
(make new friends)  
Something new instead of something old  
(but keep the old)  
All you gotta do is scratch beneath the surface  
(but remember what is gold)  
And its fools gold

(what is gold)  
Fools gold  
(what is gold)  
Fools gold Now were talking about a difficult thing  
And your eyes are getting wet  
I took us for better and I took us for worse  
Dont you ever forget it  
Now the steel bars between me and a promise  
Suddenly bend with ease  
The closer Im bound in love to you  
The closer I am to free So were okay  
Were fine  
Baby Im here to stop your crying  
Chase all the ghosts from your head  
Im stronger than the monster beneath your bed  
Smarter than the tricks played on your heart  
Well look at them together then well take them apart  
Adding up the total of a love thats true  
Multiply life by the power of two
