## SHINee

I've got a head rush, hush, you're heaven's dial, a crush  
I prayed for you forever and he sent you last November, finally  
You better hold tight flight two shadows, one at night  
Each instant lasting so long the spirit in this very song, reminding meLife has taught me lessons like don't dare  
to question fate  
For God will do the gifting all we've got to do is wait  
So if anybody asks you if your love is alive  
Tell them all to count up to three hundred and sixty-five365, 365 days a year  
Three hundred and sixty-five  
That's how much I love you dear  
365I got a love Jones in my bones, I hear a saxophone  
A melody so haunting it leaves my heart never wanting  
More than you, you really fit the bill the first day of April  
Now I know that deep inside my heart  
You're gonna play the biggest part in my love debutFor with you comes the passion like springtime I fathom  
grand  
I cherish every blessing I get when you kiss and hold my hand  
So if anybody asks if your love is alive  
Tell them all to count up to three hundred and sixty-five365, 365 days a year  
Three hundred and sixty-five  
That's how much I love you dear  
365Do you remember last November, baby  
That's when I met you, heaven sent you baby, ahSometimes I stop and throw my hands up in the air  
You make me holler, hey Tee Tee won't go away  
It's more than just a feeling, it's destiny  
I'm gonna testify about the long you're giving to meI'm gonna break it down for you, gonna break down  
Break it down, break it on down, I love you  
Anybody asks if your love is alive  
Tell them all to count up to three hundred and sixty-five365, 365 days a year  
That's how much I love you baby  
Three hundred and sixty-five  
That's how much I love you365, 365 days a year  
That's how much I love you baby  
Three hundred and sixty-five  
That's how much I love you365, 365 days a year  
That's how much I love you baby
