

Story of My Life

Liberty X

Hey, hey, hey, hey Sometimes, I feel like I wrote the book of loneliness
And every chapter ends in tears
Sometimes I fear, I've had my share of happiness
It's gotta last me all my years And looking in your eyes it makes me wonder
Do I have a chance again?
Now suddenly I feel, I'm starting over
Like it's time to turn the page It's the story of my life
Can you help me write?
The words I need to say
In a better way Can you help me see
The person I could be?
Read between the lines
Can you help me write
The story of my life? Do you ever feel like your destiny is written for you
And you only play the part, yeah?
'Cos I believed in fate the moment that I saw you
Your name was written on my heart, yeah And looking in your eyes I feel a sense of wonder
I know, I have a chance again, yeah
Now suddenly I feel, I'm starting over
It's time to turn the page It's the story of my life
Can you help me write?
The words I need to say
In a better way Can you help me see
The person I could be?
Read between the lines
Can you help me write
The story of my life? So baby won't you be my inspiration
Through the shadows and the light, hey, yeah?
Together we can write our dedication
In the story of our lives, story of our lives Help me write the story of my life
Help me write the story of my life
Help me write the story of my life
Help me write the story of my life It's the story of my life
Can you help me write?
The words I need to say
In a better way Can you help me see
The person I could be?
Read between the lines
Can you help me write? The story of my life

Can you help me write?
The words I need to say
In a better way Can you help me see
The person I could be?
Read between the lines
Can you help me write
The story of my life?
