True As Steel

Warlock

Stay hard!
Go ahead all around the world
Step by step, our flag unfurled
Let your spirit rise - got to fight for glory!
On the wings of an eagle we're flying
Breaking free..
And you're gone:
Yes, we're moving on
Stay hard, true as steel
Stay hard - we're going down in history
Stay hard, true as steel
Stay hard - we're going down in history!
Hear the bugle call in golden starlight
We're on highway to heaven..
Don't hide like a thief in the night..
You've got a heart of gold, courage and pride

Breaking free..
And you're gone:
Yes, we're marching on!
Stay hard, true as steel
Stay hard - we're going down in history
Stay hard, true as steel!
Stay hard - we're going down in history!
We'll rock... your feelings
You can hear our song
In the air!
Breaking free..
And you're gone:
Yes, we're moving on
Stay hard, true as steel
Stay hard - we're going down in history
Stay hard, true as steel!
Stay hard - we're going down in history!
