

# Six Cold Feet

[Hugh Laurie](#)

Just remember me darling  
When I'm in six feet of cold cold ground  
Just remember me darling  
When I'm in six feet of cold cold ground  
Always think of me darling  
Say yeah there's another good man gone down Don't cry baby, baby after I'm gone  
Don't cry baby, don't cry after I'm gone  
I've left the good man love you  
And I ain't do nothing wrong Just lay my body, lay my body in six cold feet of ground  
Just lay my body, in six cold feet of ground  
While I will be the loser, when that deal gose down Remember me baby,  
when I'm in six feet of cold cold ground  
Remember me baby,  
when I'm in six feet of cold cold ground  
Always think of me baby,  
say yeah ther's another good man gone down
