Under And Over It

Five Finger Death Punch

Yeah go.
Did you hear the one about me bein' a punk?
Did you hear the one about me bein' a drunk?
Uh did you hear the one about me losin' my nerve?
Or how I'm just another fucking sheep in the herd?
Did you hear about the money how it made me change?
So funny to me all the time that they waste.
Did you hear the one about me giving a shit?
'Cause if I ever did I don't remember it.
You can be me and I will be you.
You can live just like a star.
I'll take my sanity you take the fame.
I'm under and over it all.
I'm under and over it.
Did you hear the one about me playin' the game?
Sellin' my soul and changin' my name?
Did you hear the one about me bein' a prick?
Did you know I don't care?
You can suck my.

Did you hear the one about me tryin' to die?
Fist in the air and a finger to the sky.
Do I care if you hate me?
Do you wonna know the truth?
C'est la vie adi
