Love Gun

Rick James

(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
(Ah, bang, bang)
Girl if you like what you see
And you want to be with me
Baby, shoot me
With your love gun
Girl any day, any place
That you want me in your face
Baby, shoot me
With your love gun
Yeah, baby
(Put your finger on the trigger,
When you pull it back I'll figure)
That now you're ready for the fire, fire
(Hold it straight and hold it steady,
When you shoot me I'll be ready)
I'm gonna shoot you with desire, yeah

Give me a shot, of your love gun
Fire me up girl and we'll have big fun
Give me a shot, of your love gun
Fire me up baby and we'll have big fun, big fun
(Ah, bang, bang)
(Ah, bang, bang)
Shoot the shot off, shoot the shot off, shoot the shot
Off, shoot the shot off baby

(Ah, bang, bang)
(Ah, bang, bang)
Sing!
(Ah, bang, bang)
(Ah, bang, bang)
I want you to sing this

(Ah, bang, bang)
(Ah, bang, bang)
Shoot the shot off, shoot the shot off, shoot the
Shot off, shoot the shot off baby
(Ah, bang, bang)
(Ah, bang, bang)
Now if you need a little love
And it's me you're thinkin' of
Baby shoot me
With your love gun
Girl any day, anytime
That you want me in your mind
Baby shoot me
With your love gun

Sing it baby
(Put your finger on the trigger,
When you pull it back I'll figure)
That now you're ready for the fire, yeah fire
(Hold it straight and hold it steady,
When you shoot me I'll be ready)
I'm gonna shoot you with desire

Give me a shot of your love gun
So fire me up girl and we'll have big fun
Give me a shot of your love gun
So fire me up baby and we'll have big fun, big fun
