

# Black Enforcers

## Guttermouth

we run with the night  
we enforce in the night  
everybody knows we enforce in the night  
everybody knows we run with the night  
black enforcers  
we enforce by the night  
if you don't know the handshake  
got got got no pity on you  
9 times against the wall  
raise your palm and swipe  
black enforcers  
everybody knows its 9 times  
we enforce with artillery force  
we will know that you don't know the handshake  
black enforcer everybody knows jay santos  
we enforce the enforcer's way  
we will know that you don't know the enforcer's way
