

Delicate

Told Slant

The interstate trees and parking lot weeds divide the concrete
What divides us
Is between you and me
And I can't stay here cause I will not grow like parking lot weeds
What divides us
Is what fucks me up I'm so delicate when you're around
I'm so delicate when you're around You can freeze me right here on the passenger side unless you want me to
drive
Oh, raindrops collide on the passenger side, I watch them go by
I also go by
What divides us
I also go by
What divides us I'm so delicate when you're around
I'm so delicate when you're around
I wanna battering ram this life
When I go by
What do I go by
When you go
By
