

Blue Ocean Floor

Justin Timberlake

[Verse 1:]

Frequencies so low

Heart on a string

A string that only plays solo

Rain made of echoes

Tidal wave rushing on and on[Pre-Chorus:]

Under the water you scream so loud but the silence surrounds you

But I hear it loud and you fall in the deep and I'll always find you

If my red eyes don't see you anymore

And I can't hear you through the white noise[Chorus:]

Just send your heartbeat I go to the blue ocean floor

Where they find us no more

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor[Verse 2:]

Shell made out of gold

Found on a beach, picked up and you held so close

Rain washed out its glow, heart beat steady leads me down below[Pre-Chorus:]

Under the water you scream so loud but the silence surrounds you

But I hear it loud and you fall in the deep and I'll always find you

If my red eyes don't see you anymore

And I can't hear you through the white noise[Chorus:]

Just send your heartbeat I go to the blue ocean floor

Where they find us no more

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor

On that blue ocean floor[Bridge:]

20,000 leagues away, catch up to you on the same day

Travel at the speed of light

Thinking the same thought at the same time

Heart beats at a steady pace

I'll let the rhythm show me the way, no one can find us here

Fade out and disappear[Pre-Chorus:]

If my red eyes don't see you anymore

And I can't hear you through the white noise[Chorus:]

Just send your heartbeat I go to the blue ocean floor
Where they find us no more
On that blue ocean floor
On that blue ocean floor
On that blue ocean floor
On that blue ocean floor
On that blue ocean floor
