Little White Lies

Deaf Havana

I saw you yesterday
I was not phased, I did not care
You turned and walked away
As if I was not there
I don't know, you don't know
We don't know why
I tell myself these little white lies
These little white lies like I don't miss you
I tell myself these little white lies
These little white lies
And I just walk around with my eyes closed
With my eyes closed, with my eyes closed
I don't miss you all that much
Don't miss your kiss, don't miss your touch
I'm so happy to be free
I don't need you, you don't need me
You don't care and I don't care
Please tell me why
I tell myself these little white lies
These little white lies like I don't miss you
I tell myself these little white lies
These little white lies
And I just walk around with my eyes closed
With my eyes closed, with my eyes closed
With my eyes closed
I tell myself these little white lies
These little white lies like I don't miss you
I tell myself these little white lies
These little white lies like I don't love you
I tell myself these little white lies
These little white lies like I don't miss you you
I tell myself these little white lies
These little white lies
And I just walk around with my eyes closed
