

Right On Time

Boyz II Men

Been away for thirty days
Now I'm home and I'm here to stay
I've been thinkin' since I've been gone
But you already know 'cause I told you on the telephone I remember your fingers, do you remember my hands?
We did all we could 'cause that's all we can
When we're apart you have my heart
But when we're together you have all of me, baby Ooo ahh I gotcha
Mmm hmm you're mine
Ooo wee I'm with ya
Your love is right on time Stop, stay where you are
I'm comin' to you
All of the things we've talked about baby
I wanna do to ya So take off your clothes, leave them at the door
But keep on your shoes, put one leg up on the table
Arch your back, look at me and smile
'Cause you know what I'm 'bout to do Ooo ahh I gotcha
Mmm hmm you're mine
Ooo wee I'm with ya
Your love is right on time Ooo ahh I gotcha
Mmm hmm you're mine
Ooo wee I'm with ya
Your love is right on time This feels so good, I know it feels right
I wish this thing could last forever, oh yes
But you can't stay
'Cause my wife's on her way Ooo ahh I gotcha
Mmm hmm you're mine
Ooo wee I'm with ya
Your love is right on time Ooo ahh I gotcha
Mmm hmm you're mine
Ooo wee I'm with ya
Your love is right on time
