

Fall

Wild Strawberries

I'm not the kind you marry
I'm not that kind at all
I'm not the one you think you want
But I will be the one there when you fall I'm not your Bloody Mary
I'm not that type at all
I'm just the writing on the wall
But I will be the one there when you fall Did I tell you I would come around?
Did I say that I would ever be the one to hold you? But I will be the one there when you fall
