Goddess of Dawn (Live @ Trix)

Kadavar

I saw the liberin in your eyes
So I die never lie
Shining brighter than the moon ever does
But I am tied of the nightFind me and I'll make you mineJust let me hold now in your arms
To try but never my heart
Wrapped up my tears as the sound of the sky
Light my way on a good lieTake my hands just one last time
And run with me through the night
Take them and I won't break your heart
There's only one last timeGoddess Of Dawn tell me more about her
About the life before I die
Goddess Of Dawn am I gonna fight you ?
When do you leave the sky ?[Long Instrumental; solo and main riff]Goddess Of Dawn tell me more about her
About the life before I die
Goddess Of Dawn am I gonna fight you ?
When do you leave the sky ?[solo]Goddess Of Dawn tell me more about her
About the life before I die
Goddess Of Dawn am I gonna fight you ?
When do you leave the sky ?Goddess Of Dawn tell me more about her
About the life before I die
Goddess Of Dawn am I gonna fight you ?
When do you leave the sky ?
