This Is the Life

My Name Is Kay

Boom boom boom all I need is the base
Louder louder louder put your hands around my waist
Pumpin pumpin pumpin my hearts like an 808
Pumpin (x3) speakers jumpin out of place
Jumpin out of place
repeat
Retched
We're moving through the crowd
This music is so loud
I only want to see the lights I want to see the lights
Cause tonight this is the life
RetchedRetched
It's sad to say.....,,?
Boom boom boom all I need is the base
Louder louder put your hands around my waist
Pumpin x3 my hearts like an 808
Pumpin x3 speakers jumpin out of place
Retched
It's time to make a move
'Cause we got nothing to lose
Retched
Retched
