

Throwing Fire at the Sun (live)

Heather Nova

I think of Venus sinking down into the sea
And what it is to be alone and have nothing
I don't know why you want to leave this space between
Is it easier to be alone and have nothing? Oh, you and me and everyone
Oh, throwing fire at the sun I put my hands up, lay my weapons down
I know that I was stupid, I was wrong Oh, you and me and everyone
Oh, throwing fire at the sun If I listen there's something deeper that speaks
If we reach out maybe we could make a little peace Oh, you and me and everyone
Oh, throwing fire at the sun Remember stealing oranges and how they bled
And you're the one who showed me how to touch myself Oh, you and me and everyone
Oh, throwing fire at the sun Blood is a river, ties you to me
Blood is a river, ties everyone
Blood is a river, ties you to me
Blood is a river, ties everyone
Oh, ties everyone
Oh, ties everyone
