Monstar
Black heart
And everything that's on mind, it's just
I gotta let go
(Allez, on y va)
(Base drum)
I hope you can handle that
(Viens, on y va)
Feel my heart beat
(Monstar)
Yeah, close your eyes
(Allez, on y va)
How bad do you want it?
(Monstar)
I'ma take you, I can give it to you
(Monstar)
You begging for it
(Monstar)
Ay, look at what you made me do, baby
Say you know me
Do you want all of me?
Yeah, you got the other side

You got some nerve, baby
You think you're so bad?
You're so serious
I'm just having fun
Don't you, don't you tell me
Tell me that things get to you without all of that attitude
Hey, I feel like you might be the one tonight, baby
You got me so excited, baby
You know if you're lonely and you're longing for a lover
You know I'll be, I'll be here all night
I'm right above you, you don't have to look no further
You know I'll be, I'll be here all night
(Monstar)
(Ride the elevator)
Tell me how deep you want me to go
(I'm back, celebrate life)
I'm going to be there baby
(Monstar)
Right there it's a wonderful night
I'll be the pleasure baby love of your life
(Monstar)
Look at what ya made me do
(Je t'aime, Monstar)
What ya made me do
Look at what ya brought me to
Redefining gravity every time we lay
Every time we go, we go deeper
She say she want the beast, but she can't tame it
Ha ha, I'ma let you hose him down with bang, I'ma shoot it like a gun
Girl, if you're lonely and you're longing for a lover
You know I'll be, I'll be here all night
I'm right above you, you don't have to look no further
You know I'll be, I'll be here all night
(Monstar)
(Ride the elevator)
Tell me how deep you want me to go
(I'm back, celebrate life)
I'm going to be there baby
(Monstar)
Right there it's a wonderful night
I'll be the pleasure baby love of your life
(Monstar)
(Ride the elevator)
Tell me how deep you want me to go
(I'm back, celebrate life)

I'm going to be there baby
Right there it's a wonderful night
I'll be the pleasure baby love of your life
(Monstar)
Look at what you made me do
Look at what you made me do
Look at what you made me do
C'est comme
