Brand New Morning

Bob Seger

It's a brand new morning of a brand new day.
It's a brand new chance to make it all work out some way.
Hey! It's a brand new morning and a brand new smile.
It's some brand new things you just might see in a while;
Then your life takes on a bright new shiny style.
Forget the past now, it's an ancient history.
It's a time to be reborn, it's a time for being free.
Someone might be waiting here outside where you can see-
And you just might see -
Yeah, you just might see -
That it's a brand new morning with a brand new sun,
And it's just as warm for you as it is for everyone.
Don't just walk, come on, get it on, get on the run.

It's a brand new morning, ooh, it's a brand new day.
Forget the past now, it's an ancient history.
It's a time to be reborn, it's a time for being free.
Someone might be waiting here outside where you can see -
And you just might see -
Yeah, you just might see -
That it's a brand new morning with a brand new sun,
And it's just as warm for you as it is for everyone.
Don't just walk, come on, get it on, get on the run.
It's a brand new morning, ooh, it's a brand new day.
