What Kind Of World Would This World Be

Cosima

I could survive through the coldest night
For you I could make any sacrifice
But if I didn't have you I'd barely last one day
There'd be nothing but heartache
You're the reason I breathe
I'm not alive if you're not beside me
[Chorus:]You are the one I reach out for
You are the one I would die for
You are the touch
The one touch that sets my heart free
Without you in my world
What kind of world would this world be?
Shadows would steal every way of light

There'd be no sun left to light my life
Oh if I ever lost you, I would lose everything
There'd be nothing left for me
You're my strength, you're my truth
I am alive when I am beside you
[Chorus]Wouldn't be a world I'll want to live in
No there'll be no reason
If you're not here by my side
'Cos you are the best thing in my life
In my life
[Chorus]
