

Tie Me Down

Jack Savoretti

Tie me down,
I'll go wild, I'll go wild
You can't hold down,
A homeless child, a homeless child
No man was born to be locked up,
No man is born to not be free
We're here to live, we're here to love
We're here to touch, feel & see
When the lows get to heavy,
I must teach myself to climb!

Tie me down,
I'll go wild, I'll go wild
You can't hold down,
A homeless child, a homeless child
Behind the cloth, behind the paint
Behind the flesh and bones
Behind the laughter and the pain
Behind the eyes lies my soul
When the tears get to heavy,
I must teach myself to cry!

Tie me down,
I'll go wild, I'll go wild
You can't hold down,
A homeless child, a homeless child
Oh, there's got to be a way!
I'm a hunter for better days!

Tie me down,
I'll go wild, I'll go wild
You can't hold down,
A homeless child, a homeless child!
