Crazy Horse

Geoff Achison

Lightning from above
Followed by hail
Death from above
In the wake of his trail
A vision sent this child
Becomes a man
Blood of the past has chose
His planI am
Crazy Horse
I amThe sacrifice of others walk within
The battlefields of death embracing him
The courage from beyond surrounds
One's soul
Walking side by side though
Graves unknownA vision sent for the heavens
To see
This is a good day to die
Now follow me
