

Crazy Horse

[Geoff Achison](#)

Lightning from above
Followed by hail
Death from above
In the wake of his trail
A vision sent this child
Becomes a man
Blood of the past has chose
His plan I am
Crazy Horse
I am The sacrifice of others walk within
The battlefields of death embracing him
The courage from beyond surrounds
One's soul
Walking side by side though
Graves unknown A vision sent for the heavens
To see
This is a good day to die
Now follow me
