

# Where Does Love Go from Here

## Ruff Endz

Gonna tell you a story  
Where does love go, where does love go, baby  
Say you wanna find love in her, listen love  
Listen closely, so I'll tell you something I've been thinking to myself, what the hell I did wrong  
Always in a relationship that, that never last long  
Let me tell you a little story, about someone I met  
A situation so trifling that I, that I'd never forget So I met this girl and she seemed so right  
I got so caught up by what was on outside  
As time went on, I really got to know  
That the girl I thought was an angel, was nuttin' but a hoe My homie tried to warn me, but I was too caught up  
I started tripping on my best friend, I told him "Shut the fuck up"  
I said, "You don't know what you're talkin' 'bout, this girl loves me"  
But as quiet as kept, she was lovin' everybody else Can't somebody tell me where the love goes from here  
Somebody tell me now, baby  
'Cause I can't seem to find true love nowhere  
I can't seem to find, baby Can't somebody tell me where the love goes from here  
'Cause I can't seem to find, no, no true love and peace of mind Listen to this, I still wasn't trying to hear  
What my man was kickin' in my ear  
Heard the same gossip, down a barber shop  
But I still didn't hear I had to find out, found out the hard way  
'Til my man called me up on phone, this is this is was what he said  
He said, "You remember what I told ya, about your girlfriend  
Saw her down in Kiesha's party, drove off with a nigga named Ronnie""Uh un, this can't be true"  
"But this what is I've been trying to tell you"  
That the woman you love  
Is just trying to play you all day" So I left work early, trying catch this girl  
Driving all over town, I couldn't find my girl  
I finally gave up, and I took my ass home  
That's when I found my girl, laying with Ronnie, they was getting it on  
Tell me Can't somebody tell me where the love goes from here  
Somebody tell me, tell me  
'Cause I can't seem to find true love nowhere  
Nowhere, nowhere, no, tell me Can't somebody tell me where the love goes from here  
Somebody tell me babe, tell me babe  
'Cause I can't seem to find, no, no, no  
True love and peace of mind, listen Somebody tell me, tell me  
Somebody show me, show me  
Somebody tell me, tell me  
Where does love go from here Somebody tell me, tell me

Somebody show me, show me  
Somebody tell me, tell me  
Where does love go from here, somebody sing it  
Can't somebody tell me where the love goes from here  
I need to know, I need to know, sing  
'Cause I can't seem to find true love no more  
I can't seem to find true love, no, no  
Can't somebody tell me where the love goes from here  
I wanna find true love, baby  
'Cause I can't seem to find, I can't seem to find, no  
True love and peace of mind  
Can't somebody tell me, I need to know  
Somebody show me, where does love go  
I wanna find, I need to find, I need to find  
True love and peace of mind  
Somebody tell me baby, oh yeah, I need to know  
I need to know, where does love go  
I wanna find, I need to find true love, true love  
True love and peace of mind  
I need to know, I need to know  
I need to know, where does love go  
I'm searching long, I'm searching long to find  
I need to find true love and peace of mind
