Fallin In Love Again by Tommy Vixon

### Verse:

Fallin in love again, with the girl at the coffee shop  
Fallin in love again, with that beautiful smile, she fills my cup  
Fallin in love again, with the waitress at the cactus club  
Fallin in love again, with those beautiful legs, she lifts my spirits up.

### Chorus:

Everybody's got a story to tell, with scars on their face.  
Everybody's got a story to tell, with voices singing out of place.  
I've got a story to tell, with a smile on my face.  
Everybody's got a story to tell, even if they fall from grace.

### Verse 2:

Fallin in love again, and I want to be your man.  
Fallin in love again, with that hooker from Amsterdam.  
Fallin in love with that geisha from J Pan  
Fallin in love again, Fallin in love again

### Chorus:

Everybody's got a story to tell, with scars on their face.  
Everybody's got a story to tell, with voices singing out of place.  
I've got a story to tell, with a smile on my face.  
Everybody's got a story to tell, even if they fall from grace.

### Bridge:

Fallin in love again, with that porno chick that licks her lips  
Fallin in love again, with the nurse the doctor, the receptionist  
Fallin in love again, with that dancing young thang, that shakes her hips  
Fallin in love again, fallin love again. Yeah

### Verse:

Fallin in love again, with the girl at the coffee shop  
Fallin in love again, with that beautiful smile, she fills my cup  
Fallin in love again, with the waitress at the cactus club  
Fallin in love again, with those beautiful legs, she lifts my spirits up.

### Outro:

Fallin in love again, Fallin in love again

Fallin in love again, Fallin in love again
