Simple Things

Jim Brickman

Hey, time won't wait, life goes by Every day's a brand new sky Every tear comes to dry

All that really matters in this crazy world

Is you and I together baby, just rememberThe first leaves off the tree, the way you look at me

A thousand chiming church bells ring, the simple things are free

The sun, the moon, the stars, the beating of two hearts

How I love the simple things, the simple things just are So here we go, let's just dance

Teach my soul to take this chance

Put my heart in your hands

Out of all the moments that we leave behind

Turn around and tell me baby, we'll remember The thunder and the rain, the way you say my name

After all the clouds go by, the simple things remain

The sun, the moon, the stars, the beating of two hearts

How I love the simple things, the simple things just areOh, the ocean and the sky, the way we feel tonight

I know that it's the love that brings the simple things to life

The sun, the moon, the stars, the beating of two hearts

I love the way the simple things, the simple things just are

I love the way the simple things, the simple things just are

The simple things just are The simple things just are
