Your love
I've never been the same
Couldn't say I knew you
Apart from all we do
Well don't you kiss them in the eyes
How you feel slacking in the morn
Find your love, it's not so bad
When I'm on my own
Yeah
I don't want to have my way around
So let's ride
Let's tonight
AlrightBut I'm just looking
Yeah I'm just loving too
I'm your lover
Joy
Reversing lies
I've never seen you low
Well it's about to go
Well don't you
Kiss them in the eyes
How you feel slacking in the morn
Find your love it's not so bad
When I'm on my own
I don't want to have my way around
So let's ride
Let's tonight
AlrightBut I'm just looking
Yeah I'm just loving too
I'm your lover
I need loving
But I'm just looking
Yeah I'm just loving too
I'm your lover
I need loving
