

D.I.S.C.O

The Young Professionals

I, I wrote some letters on a paper in your house
It had a meaning no one else could figure out
D is for doing what I want
I is for saying that I canâ€™t
S is for somebody youâ€™re not
C for donâ€™t call me and
O is for oh no
D.I.S.C.O

I, I left my finger prints and skin my empty mind
It had a reason no one else can make me cry
D is for darling youâ€™re so hot
I inside you break my heart
S for sometime when youâ€™re around
C is for curious and
O is for oh my god
D.I.S.C.O

Disco I love you but cannot forgive you
I want to believe you but youâ€™ve hurt me before
Thereâ€™s no explanation for all this attention
I should be strong and not open the door
