Up to You

Damone

You are who's inside of my heart,
Made don't want to be apart.
I would cry to see you go woah-woh,
'cause you are who's inside my heart.I can be the one who goes,
I am strong in this you know woah-woh
I don't wanna be alone,
You are who's inside my heart.So meet me if you care, I'll be at the spot,
Maybe see you there or not.
So meet me if you care, I'll be at the spot,
Maybe see you there or not.
If you care about me 'cause I know I care for you,
And I want you there, I'll leave it up to you.Here inside it's hard to see who holds,
See if I am what you want.
I'll be here with sticks and stuff,
I'll be here to let you know.So meet me if you care, I'll be at the spot,
Maybe see you there or not.
So meet me if you care, I'll be at the spot,
Maybe see you there or not.
If you care about me 'cause I know I care for you,
And I want you there, I'll leave it up to you.So meet me if you care, I'll be at the spot,
Maybe see you there or not.
So meet me if you care, I'll be at the spot,
Maybe see you there or not.
If you care about me 'cause I know I care for you,
And I want you there, I'll leave it up to you.
