

# Fight All Night

## Dance Hall Crashers

I don't wanna go out with you tonight,  
I just wanna stay home and fight.  
Nothing sounds more fun than what we do,  
Can't imagine more fun with you.  
Do I remember what fun you can be,  
No - it's been too long since you've had it with me.  
Why would I want to have a good time  
When we can stay home and not spend a dime.  
It's always fun to be with you  
And never have anything to do.  
Why go out when we can fight,  
It's what we're used to every night.  
I don't wanna go out with you tonight,  
I just wanna stay home and fight.  
Nothing sounds more fun than what we do,  
Can't imagine more fun with you.  
Do I remember what fun you can be,  
No - it's been too long since you've had it with me.  
Why would I want to have a good time  
When we can stay home and not spend a dime.  
It's always fun to be with you  
And never have anything to do.  
Why go out when we can fight,  
It's what we're used to every night.  
I don't wanna go out with you tonight,  
I just wanna stay home and fight.  
Nothing sounds more fun than what we do,  
Can't imagine more fun with you.  
Do I remember what fun you can be,  
No - it's been too long since you've had it with me.  
Why would I want to have a good time  
When we can stay home and not spend a dime.  
It's always fun to be with you  
And never have anything to do.  
Why go out when we can fight,  
It's what we're used to every night.
