

Southside

Lloyd

Tell ya daddy stop his hating
'Cause I be wearing braids and rockin' jerseys daily
But that don't mean I'm thuggin' no
He don't want me with ya
But I ain't tryna hear it though
Not tryna hear it though But I know that if he knew yeah
He would understand yeah
Know that your my man and
He would never hurt me no
Let me come and see you
So that we can be alone, alone (Baby I know a place that we can go and be alone)
As long as you make sure that you safely get me home
(Don't worry baby) Meet me at the southside
Get you home by midnite
Make sure that your daddy just don't know (daddy Just don't know)
I got you in the hood, but
I know what I'm doin' cause
that's why we be meeting on the low (meeting on the low) Meet me at the southside
Baby we can go hide
Knowin' that my boys goin' have my back (yeah-eeh-yeah)
Only at the southside girl (southside, eh-eeh-eh) Southside Girl I'll know that we can make it
'Cause we won't let him break it
I don't care whose wit' it
It's you and me against the world
Tell me those three words that
Lets me know you're still my girl
Oh baby, yeah Oh I swear I'll never leave you (why)

But by your side I'll show ya
The way a girl needs to roll
