

Got My Country On

Chris Cagle

I worked all week to make me some money
Bring it back to mama bet sheâ€™d give me some honey, yeah
Cashed my check got a pocket of dollars
Looseninâ€™ the buttons on my blue-collar, yeah.

Uh, this is what I do, this is where I stand
This is who I am,

Livinâ€™ the song of a ramblinâ€™ man
Gettinâ€™ it done with my own two hands
Puttinâ€™ some green in a coffee can
For when Iâ€™m gone, when Iâ€™m gone
Trickinâ€™ my truck like a Cadillac
Crankinâ€™ it up in my cowboy hat
Rollinâ€™ and bumpinâ€™ to the man in black
And singinâ€™ along, I got my country on

Rollinâ€™ it home five oâ€™clock on a Friday
Gonna spend the next couple days doinâ€™ it my way, yeah, oh yeah
Call up a few friends, build a fire in the backyard
Gonna do some chillinâ€™, chicken grillinâ€™ and guitars, yeah, yeah, yeah

Oh, this is all Iâ€™ve know, this is where Iâ€™m from,
This is what I love

Livinâ€™ the song of a ramblinâ€™ man
Gettinâ€™ it done with my own two hands
Puttinâ€™ some green in a coffee can
For when Iâ€™m gone, when Iâ€™m gone
Trickinâ€™ my truck like a Cadillac
Crankinâ€™ it up in my cowboy hat
Rollinâ€™ and bumpinâ€™ to the man in black
And singinâ€™ along, I got my country on
Got my country on

I got a good piece of ground that my granddaddy gave me
Down the road from the church where the good Lord saves me, yeah

Livinâ€™ the song of a ramblinâ€™ man
Gettinâ€™ it done with my own two hands

Puttin' some green in a coffee can
For when I'm gone, when I'm gone
Trickin' my truck like a Cadillac
Crankin' it up in my cowboy hat
Rollin' and bumpin' to the man in black
And singin' along, I got my country on
I got my country on
I got my country on, yeah, woo
I got my country on
Yes I do, woo
