

# Flawed Beautiful Creatures - Summer Version

[Stacy Barthe](#)

Sometimes we're insecure  
We're fragile sometimes  
We laugh at each other  
To make ourselves feel better Sometimes we laugh  
Sometimes we say things  
That we really don't mean  
But in the moment  
Seems like the thing to do We're all flawed beautiful people  
We're all flawed beautiful creatures  
We're all flawed beautiful people  
We're all flawed beautiful creatures Is it a crime if a man kills  
To protect his own from harm's way  
Who are we to judge anyway  
What have you have done  
If the gun was in your hands Your feet were in his shoes  
Guess you'll never know what you'll do  
'Cause in the moment  
Might seem like the thing to do We're all flawed beautiful people  
We're all flawed beautiful creatures  
We're all flawed beautiful people  
We're all flawed beautiful creatures Sometimes we gotta lose it to find it  
We gotta lose sometimes  
We win, we live then we gotta die We're all flawed beautiful people  
We're all flawed beautiful creatures  
We're all flawed beautiful people  
We're all flawed beautiful creatures
