

Skin Job

Primitive Radio Gods

Lying in bed and the rains coming down
You can laugh now
Burning love and the avalanche comes
You can think now Its easy to say that well all get away
Its easy to say at the start of the day All of the evidence points to this
Over protection points to this
(All of the evidence points to this)
And you are the victim
(All of the evidence points to this)
(All of the evidence points to this) Dont stop, what does it matter?
If its right in the eyes of the law
Dont stop, dont talk, youll get off
If its right in the eyes of the law
Dont stop, dont talk, youll get off Remember the face in the mirror today?
Youre a witness
All of your friends and your family
Were invented All of the evidence points to this
I was the loved one seems to this
(All of the evidence points to this)
And she was the skin job
(All of the evidence points to this)
(All of the evidence points to this) Dont stop, what does it matter?
If its right in the eyes of the law
Dont stop, dont talk, youll get off
If its right in the eyes of the law
Dont stop, dont talk, youll get off If its right in the eyes of the law
Dont stop, dont talk, youll get off
If its right in the eyes of us all
Dont stop, dont talk, youll get off
If its right in the eyes of us all
Youll get off, youll get off
